the European Union

DECEMBER 2023 ISSUE

DIG-i-READY

DIG-i-READY project partners want to keep you updated on the project via our newsletters!

This is our last newsletter as the DIG-i-READY project closes in December 2023! Thank you to all our readers for staying interested and up-to-date with our work!

## FINAL TPM IN BRUSSELS

Hosting the final transnational project meeting in Brussels on 30th November, the 9 project partners discussed the success and challenges of the DIG-i-READY project through the course of two years. [Read more here.](#)

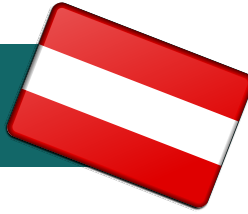

## CLOSING CONFERENCE

EASPD hosted the European multiplier event of DIG-i-READY in Brussels on 1st December, gathering together policy makers, service providers and other relevant stakeholders to discuss the current scenario of digital inclusion in VET in Europe. The work of the European Commission and the Council of the EU was also discussed during this event. [Read more here.](#)

## MULTIPLIER EVENT IN LINZ

The multiplier event in Austria, as part of the DIG-i-READY project, was organised by the Johannes Kepler University Linz (JKU) and took place in person on 12 July at the university. The event was part of the IKT-Forum, an integrative conference place every year in Austria. A total of 57 participants took part on the event. The participants group was heterogenous and can be divided into: researchers, VET provider, VET trainer, self-advocates and other VET stakeholders.

## AAATE CONFERENCE

DIG-i-READY project partners participated in the 17th international conference of the Association for the Advancement of Assistive Technology in Europe (AAATE) in Paris in September 2023. European University of Cyprus presented the DIG-i-READY Competence Framework as well as offered an educational workshop on the theoretical framework that led to the DIG-i-READY Good Practice Catalogue through the case-study of a young woman with intellectual disability and her vocational path.
