

## 2017 Project Development Workshop - Project Outline

<b>Proposal Title (provisional)</b>	Social inclusion through Sports
<b>Applicant</b>	Fundació Espurna CV
<b>Objectives</b>	Create a positive and healthy social environment through family, work and sport. Share good practices with inclusive projects and engage different organizations with a common purpose of being more inclusive with people with intellectual and learning disability using sport as a vehicle.
<b>Evidence of the issue</b>	We have a program linking Sports and disability, engaging Rugby clubs with our Foundation of service providers and it has been highly beneficial for the both organizations and even more so for the people who are taking part (with and without disability)
<b>Proposed activities</b>	Exchange programs to learn about social inclusion in sports in different countries related to people with intellectual and learning disability. The unique features of rugby make it an ideal sport to include anybody.
<b>Expected results</b>	Produce a report for service providers and sports club which can become a practical tool, to help clubs, organizations and service providers to develop inclusive projects in sport, work or leisure activities.
<b>Partners required</b>	Organizations related to disability with experience in sports, sheltered employment and companies and sports clubs who would like to develop inclusive programmes.
<b>EU funding programme/Actions</b>
