

Elections General Assembly, Barcelona, Spain – 6th October 2018
Candidate for the position of EASPD Treasurer

Name	Peter Saxenhofer
Organisation	INSOS Switzerland
Country	Switzerland

Introduction and motivation

Since 2012 I'm the director of INSOS Switzerland, the Swiss umbrella organisation of about 800 service providers for people with disabilities. They support 60.000 people with different abilities to participate in the working world and to find a way of belonging to and participating in our society. To have a powerful umbrella organisation is very important to collaborate on European level and to find the best instruments to transform the goals of the UNCRPD into reality. Since 2016, I'm member of the EASPD board.

As treasurer, I'm motivated to ensure EASPD's financial situation is well managed and audited so that the organisation can perform its work efficiently and successfully for its members. Transparency and compliance with good governance principles are very important to me.
