Dear; Mr-Mrs

Those who can not walk, who can not hear, who can not see, who can not use their hands, those who have learning difficulties, and so on. 'Assisted Life Industries' are developing rapidly around the world, covering asistive technologies for social groups, products, services and business models. We are meeting at the 'Inclusive Buisness World Congress' to get this venue with a \$ 1 trillion business volume.

The aim of the project is to support the development of asistive technologies that will facilitate the daily life of the social groups such as elderly people and support the creation of employment and investment models together with products, services, business models. 'Inclusive Business World Congress Program' will be held for the first time this year with international participants and will be held in Istanbul on 09-11 May.

Congress Program will include; 'Assisted Life Industry Photo Exhibition', 'Opening Ceremony', 'Good Practices Incentive Awards', 'Plenary Sesions, 'Assisted Life Product, Service and Business Models Exhibtion', 'Assisted Life Product, Service and Business Models Presentations', 'Bilateral Negotiations and Commercial Agreements Program', 'Final Decleration' and the 'Establishment of Inclusive Business World Cooperation Organization'.

Program will be carried out with the coordination of DEYSAM; in coperation with EASPD European Association of Service Providers for Persons with Disabilities ', EDB 'World Inclusion Union' and TABA-AmCham 'Turkish American Businessmen Association'; will be implemented together with the participation of relevant ministries, public institutions and organizations, related business associations, local governments, universities and NGOs.

Attendee Benefits:
