

## Actors of Change Towards Inclusive Education

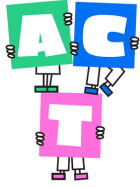

Inclusive Education is a **human right**, and the realisation of fully inclusive education systems remains a key challenge across Europe

ACT-INCLUSIVE will **raise awareness** on the topic of Inclusive Education, to **combat discriminatory attitudes** & build welcoming communities

This will be achieved by **strengthening advocacy** and **empowering students** with disabilities and the entire School Community, through innovative formal, non-formal and informal **educational activities**.

Co-funded by  
the European Union

# Aims, Target groups and Activities

## Aims:

1. To empower students with disabilities
2. To educate teachers and school staff on how to manage diversity in the classroom and develop inclusive education
3. To set up a mutual learning network & to create synergies among different stakeholders
